

What is CleanSave 7?

CLEANSAVE 7 is a powerful, grease-cutting detergent which rapidly attacks and removes soilage from hard surfaces. It is an excellent degreaser/cleaner for cleaning walls, stoves, BBQ's, floors, smoke-damaged paintwork and machinery.

CLEANSAVE 7 is a part of the CLEANSEAVE Closed Loop Chemical and Dispensing System which prevents cleaners from having contact with the concentrated chemicals.

CleanSave Range

CLEANSAVE is a range of performance driven, concentrated chemicals that are supplied in tamper-proof packaging for dispensing automatic dilution systems. Each convenient 2.4L bottle comes fitted with a safety insert that stops cleaners from being able to access the concentrate. The products can only be diluted through dispensers which provides complete control over dilution, stopping over-dosing and product wastage and improving safety.

Key Benefits

- ✓ Highly concentrated to get more out of each bottle
- ✓ Provides control over dilution
- ✓ Virtually no product wastage or 'over dosing'
- ✓ CLEANSEAVE 7 makes light work of the dirtiest, oiliest cleaning jobs
- ✓ Has a powerful cleaning action
- ✓ Rapidly removes soilage
- ✓ Colour and number coded for ease of use and safety
- ✓ Environmentally responsible and biodegradable
- ✓ Reduces packaging, transport and storage requirements

How Does It Work?

This concentrated detergent grease remover

- Rips through oil and dirt – won't redeposit onto floor
- Does not need rinsing from floors
- Contains biodegradable surfactants
- Has low suds – ideal for use in autoscrubbers

CLEANSAVE 7 will remove grease, oil, greasy cooking fat, smoke films, ink stains and food spills. CLEANSEAVE 7 may also be used as a floor polish remover.

For Use On...

CLEANSAVE 7 is a solvent detergent cleaner which is specially formulated for use in steam cleaners, autoscrubbers, mop-buckets or by spray-and-wipe.

It will remove substances from floors, equipment, machinery, paintwork, ceramic tiles, quarry tiles, concrete, walls, ovens, barbeques and vinyl upholstery.

Technical Data

Properties

COLOUR – Transparent fluorescent red-orange liquid

pH = 11 ± 0.5 at use concentration (1:50)

FOAM – Medium foam of low stability

Environmental Care

CLEANSAVE 7 conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. It is non-flammable and biodegradable. CLEANSEAVE 7 containers can also be recycled.

Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".

First Certified: 30 April 1996

SAI Certificate No.: QEC7358

Application

The ready-to-use solution of CLEANSEAVE 7 is available from your Agar Detergent Dispenser for either bottle fill or bucket fill. Simply select the product and push the button while holding the hose in your bottle or bucket.

Apply the solution to the area being cleaned with either an autoscrubber, mop or sponge and scrub until clean. Rinse with water if necessary and allow to dry.

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.
