

# How to clean TOILET BOWLS

Issued: 12/4/19

**When:** Everyday

**Product to use (choose one):**

- BOWL CLEAN
- FRESCO (green)
- BAC2WORK
- ALL FRESH

**Equipment:**

- Gloves
- Toilet brush/nylon brush
- Mop or cloth

**Procedure:**

1. Wear rubber gloves.
2. Flush toilet before cleaning.

**For Bowl Clean (antibacterial detergent):**

1. Pour 40 mls of detergent into bowl.
2. Using nylon toilet brush, scrub bowl paying particular attention to cleaning under rim and in bottom of bowl.
3. Try to work solution into S-bend.
4. Flush toilet to rinse.
5. Do not apply Bowl Clean to toilet seat or lid.

**For Fresco (all-purpose washroom cleaner):**

1. Pour 40 mls of Fresco into toilet bowl (solution may be diluted with water to 1:5)
2. Leave for a few minutes to activate.
3. Using nylon toilet brush, scrub bowl paying attention to cleaning under rim and in bottom of bowl.
4. Try to work solution into S-bend.
5. Flush immediately after cleaning.

**For Bac2work (biological cleaner and odour neutraliser):**

1. Use neat Bac2Work (do not add water). Spray or pour Bac2Work onto the soiled or bad-smelling surfaces and work it in well with a mop or cloth.
  2. Leave for 5 minutes to activate.
  3. Do not rinse but allow it to dry slowly. This gives time for the Bac2Work to consume the soils.
  4. Repeat this process regularly until the odours are gone
- To treat sinks and troughs: Pour a little Bac2Work (50- 100 mls) directly into the outlet pipe at night or at the end of the day. This will give the product time to eliminate odours, scale and blockages.

**Note:**

- Do not apply Bowl Clean to toilet seats or lids.
- Bowl Clean also not suitable on marble, terrazzo or laminex surfaces.
- Immediately clean using pH-7 if contact with these surfaces occurs.
- Never mix Bac2Work with disinfectant, bleach or caustic substances.
